

SHPE Freshman Roundtable

SLIME NIGHT

HOW TO MAKE SLIME

1

Add glue to your bowl

2

Add any colors/mix-ins that you want, make your slime fun!!

3

Slowly start adding activator and mixing it into the glue until it comes together

4

Once it becomes too difficult to mix with a spoon, you can use your hands to keep mixing and adding activator until your slime is at the consistency you want.

✦ **And have FUN!!!** ✦

THANK YOU FOR COMING!

We hope you enjoyed the game.
See you all at our next presentation party!
